PROFILE

Backend-focused Full Stack Developer with hands-on experience in building secure, scalable web applications using Node.js, JavaScript and databases. Self-taught with strong project-based skills in API development and cloud deployment.

EDUCATION

City Group of Colleges — *Uttar Pradesh, Inda*
2024 - Present

SKILLS

Languages & Frameworks- JavaScript, Node.js, Express.js, React.js
Databases- MongoDB, SQL, PostgreSQL
Tools & Platforms- Git, GitHub, Docker, Redis, Vercel, Render
Web Technologies- RESTful APIs, HTML5, CSS3, Tailwind CSS

EXPERIENCE

Small Fare Pvt Ltd — *Telangana, India*
Backend Developer Intern — 04/25 – 6/25

- Designed and maintained APIs using Node.js and Express.js.
- Used Docker for containerized development and Git for version control.
- Communicated effectively with mentors and team members to resolve blockers and ensure smooth delivery.
- Promoted to Team Lead for demonstrating strong problem-solving and leadership skills.

To-Let Global Pvt Ltd — *Uttar Pradesh, India*
Full Stack Developer Intern — 07/25 – Present

- Built frontend features and integrated them with backend APIs for seamless user experience.
- Optimized development workflow with Docker and Git.
- Collaborated in agile sprints and code reviews to ensure quality delivery.
- Promoted to **Vice Captain** for initiative and leadership.

PROJECTS

EasyTrack — 04/25 – 5/25

- A job application tracking web app to solve the problem of manually organizing job search progress.
- Used Next.js (App Router), PostgreSQL, Tailwind CSS, and Zod for validation; implemented authentication, resume parsing, and AI-powered job-resume analysis.
- Improved job tracking efficiency and reduced manual effort by centralizing job data, automating insights, and enabling quick follow-ups.

ThoughtTrail — 10/24 – 12/24

- A story reading and sharing platform that allows users to publish, read, and explore narrative content.
- Used Node.js, Express, MongoDB, and JWT for authentication and secure user access; implemented features for story uploads, browsing, and user profiles.
- Enabled a creative space for storytellers and readers, streamlining content sharing and improving user retention through a simple, secure experience.
