PROFILE

Shipped production APIs and full-stack features across three MERN internships in under a year — comfortable owning backend logic, debugging, and documentation independently, with a bias toward fixing things fast and writing them down for the next person.

SKILLS

Stack: MERN (MongoDB, Express.js, React.js, Node.js), TypeScript, Java,, Spring Boot
Databases: MongoDB, PostgreSQL, SQL
Tools & Platforms: Git, GitHub, Docker, Redis, Vercel, Render
Web & Practices: RESTful APIs, HTML5, CSS3, Tailwind CSS, Testing & Debugging, Technical Documentation

EXPERIENCE

Singing Bird App Pvt Ltd | *Hyderabad, India* 08/25 – 02/26
Backend Developer Intern

- **Debugged and stabilized** backend APIs by writing test coverage for Node.js/Express services.
- **Documented** full API and deployment workflows, cutting new-hire ramp-up guesswork.
- **Shipped** containerized REST APIs on schedule using Docker.

To-Let Global Pvt Ltd | *Uttar Pradesh, India* 07/25 – 11/25
Full Stack Developer Intern

- **Closed** frontend-backend integration gaps by independently building and testing React UI against REST APIs.
- **Tightened** code quality through active participation in Git-based peer reviews.
- **Fixed** rendering bottlenecks to improve page load performance.

Small Fare Pvt Ltd | *Telangana, India* 04/25 – 06/25
Backend Developer Intern

- **Designed** and tested production-ready API endpoints in Node.js/Express.
- **Streamlined** environment setup by containerizing the dev workflow in Docker and documenting fixes.

PROJECTS

EasyTrack | 04/25 – 05/25

- Built a job application tracking app (Next.js App Router, PostgreSQL, Tailwind CSS, Zod) with authentication, resume parsing, and AI-powered job-resume analysis.
- Centralized job-search data and automated insights, reducing manual tracking effort for users.

ThoughtTrail | 10/24 – 12/24

- Built a story reading and sharing platform (Node.js, Express, MongoDB, JWT) with secure authentication, story uploads, and user profiles.
- Created a simple, secure space for storytellers and readers to share and discover content.
